Dear Mr. Darman:

By letter dated 12 January 1989, I forwarded the draft Fiscal Year 1990 Intelligence Authorization bill package for Administration clearance.

Since that time, the budget figures for Section 401 of the Bill have been revised and provided informally to your office.

These revisions have now been incorporated in the two relevant pages from the Bill package: page four of the "Section by Section Analysis" portion (changes made to the fourth and fifth paragraphs) and page four of the "Cost Analysis" portion.

To assist your office in the expeditious clearance of the package, we ask that you substitute the revised pages, copies of which are enclosed, for the pages in the original version.

Your assistance is most appreciated.

Sincerely,

  
John L. Helgerson  
Director of Congressional Affairs
